Subject:	Proposed boycott of hp at 4/23 meeting
Date:	Monday, April 16, 2018 6:57:39 PM

I strongly oppose the resolution intended to boycott Hewlett Packard. This is clearly an anti-semitic proposal aimed at Israel for security issues, but ignoring saudi arabia, Kuwait, turkey, syria or iran for far worse aggressive and deadly behaviors. I might note that a number of these other countries use US military equipment to kill their own citizens, as well as others. Do we need resolutions on those issues?
